

# TM-P80 with Bluetooth

Are you a hospitality business looking to reduce queues and increase positive customer feedback? If so, this device is the ideal choice. With Bluetooth connectivity, this thermal receipt printer is great for outdoor use. The TM-P80 can also handle printing barcodes and 2D symbols, making this reliable device a must-have product for hospitality.

## Easy-to-use

If you need to print 80mm-wide receipts, this efficient thermal POS printer is ideal, and it has a convenient belt clip for mobile use.

The TM-P80 features an Auto Paper Reduction Function, that automatically reduces the receipt margin and length by up to 23 percent, all without altering the data or print speed.

## Efficient

With printing speed up to 100mm/sec and a long battery life, queues and delays while paying are greatly reduced. The battery lasts up to 40 hours in Bluetooth mode, making it long-lasting and reliable.

## Reliable

This robust model has Bluetooth connectivity, which is ideal if you will be using the printer outside, as it doesn't require a network.

The portable printer is rugged and resistant to small knocks and drops. Its Mean Time Before Failure is 120,000 hours and its Mean Cuts Before Failure is 16,000,000 lines.
