TM-P80 with Wi-Fi

Are you a retail business looking to reduce queues and increase positive customer feedback? If so, this device is the ideal choice. With Wi-Fi connectivity, this thermal receipt printer is great for the shop floor. It enhances the range, so you can now print receipts up to 80mm-wide. The TM-P80 can also handle printing barcodes and 2D symbols, making this device a must-have product for retail.

Easy-to-use
Featuring ePOS print, an operating system unique to Epson, the TM-P80 allows printing directly from web browsers on mobile devices, eliminating the need for print drivers.

The TM-P80 features an Auto Paper Reduction Function, that automatically reduces the receipt margin and length by up to 23 percent, all without altering the data or print speed.

Efficient
With printing speed up to 100mm/sec and a long battery life, queues and delays while paying are greatly reduced. The battery lasts up to 20 hours in Wi-Fi mode, making it long-lasting and reliable.

Reliable
This robust model has Wi-Fi, which is ideal if you will be using the printer indoors, as it keeps a stable connection. It can connect to several devices at once, allowing customers to pick up their receipt from a variety of places.

The portable printer is rugged and resistant to small knocks and drops. Its Mean Time Before Failure is 120,000 hours and its Mean Cuts Before Failure is 16,000,000 lines.

KEY FEATURES

- **Convenience**
  Wi-Fi connectivity, portable receipt printing
- **High-performance**
  Prints receipts at up to 100mm/sec.
- **Reliability**
  Compact and robust design
