

MP RANGER

PORTABLE PRINTER FIELD FORCE AUTOMATION FOR MOBILE RECEIPT/LABEL ISSUANCE FOR LOGISTICS AND DELIVERY

MP Ranger is a latest generation mobile printer and represents the evolution of Custom's range of mobile printers.

It can print on thermal paper in roll format, either on plain paper or peel-off format labels. Complete with sensors for displaying status and battery level, it allows the printing of 1D and 2D barcodes (QR CODE).

It can handle rolls with paper width of 76.2 mm or 80 mm using the special reducer included in the package, and is designed to be used in outdoor working contexts, thanks to the IP54 protection to resist splashing of liquids and dust for use in adverse weather conditions and resistance to falls from 1 meter. The operational equipment is completed by a clip for belt fastening and as an accessory the practical case with shoulder strap is available for greater protection and the cradles, with 1 or 5 positions for practical charging. MP Ranger can be connected to any mobile device, from simple phones, to specialized terminals, to handheld mobile computers and tablets with Bluetooth and Wi-Fi functionality thanks to the Wireless technology.

The printer is equipped with different charging options, from simple connection via USB Type-C to positioning on single or multi-position charging cradles up to five units.

FEATURES

- Paper width 76.2 and 80 mm, print width 72 mm
- Print receipts and labels
- Weight: from 55g / m² to 100g / m²
- High operating autonomy
- “Intelligent” capable 2600mAh lithium battery to provide information such as battery status and number of charging cycles
- IP54 protection degree
- USB 2.0 type-C Full Speed, Wifi and Bluetooth 4.2 BLE
- Print speed 110 mm/sec
- International fonts on board
- 1D / 2D barcode printing
- API/SDK available for Android
- PrinterSet configuration software
- Double LED for status and battery status display
- Weight: 475gr (including battery)
- Dimension (LxWxH): 149 mm x 122 mm x 53 mm

ACCESSORIES

- Case with shoulder strap
- Single charging cradle
- 5-position charging cradle
- Power supply
