

Primera Disc Publisher SE-3

Disc Publisher SE-3 is a compact, all-in-one, automated disc production device that fits perfectly on your desktop. It automatically copies and prints up to 20 discs per job and is perfect for a wide variety of light- to medium-duty disc publishing jobs.

Producing Full-Colour Discs Made Easy!

From initial set-up to full operation, Primera's Disc Publishers are easy to use because of the simple but powerful wizard style publishing software that's included for both Windows-based PCs and Mac systems. The built-in design software lets you place photos, backgrounds, text and graphics anywhere on the disc. Simply specify the files you want to burn and print, select how many discs you'd like and press go!

Advantages:

- Borderless printing (place photos, backgrounds, text and graphics anywhere on the disc, including as far into the middle of the disc as you wish)
- Touchless direct-to-disc-printing
- No ink waste to clean pipelines off air bubbles when replacing ink cartridges
- Stunning 4800 dpi photo-realistic print resolution
