

FOR SERIES 7 & 700 SERIES BARCODE SCANNER

Barcode Scanner Charging Cradles

With regular use of a Charging Cradle, avoid downtime by always having your barcode scanner charged and ready for scanning. The Charging Cradle provides a designated docking station for your barcode scanner. A built-in latch inside each cradle holds the scanner securely in place and ensures the scanner is properly aligned for optimal charging and safe placement

Hardware Features

- Each version of the charging cradle is custom designed to perfectly fit and optimally charge your type of barcode scanner
- Built-in latch securely holds barcode scanners in place and ensures proper alignment for charging
- Flexible configuration options
 1. Lay flat on table
 2. Stand upright at an angle
 3. Mount to wall
- Rubber grips on bottom of cradle prevent sliding
- Charging Cradle LED indicates when cradle is “On” and connected to power
- Scanner’s LED lights indicate when it is fully charged

Included Items

- Charging Cradle
- AC adapter with international plugs
- Mounting bracket and 2 mounting screws
