# SpacePole Kiosk™

**Hardware agnostic, Modular, Configurable, Customisable**

## A multifunctional kiosk with maximum flexibility for a wide range of self-service applications

**The SpacePole Kiosk provides a configurable platform for self-service applications in the grocery, retail, hospitality, entertainment and transportation sectors.**

**Ideal for self-check-in/check-out, self-ordering, endless aisle, product display & advertising, ticketing, click & collect and many more.**

### Compatibility

The kiosk is compatible with screens and tablets from 10'' to 32'', payment devices from 20+ different payment vendors and a wide range of printer and scanner brands.

### Features

- **Modular:** Floor, counter and wall options can be built from the same products

- **Configurable:** Build the kiosk to suit your application. Add payments, scanning, printing, customer recognition cameras, NFC and fingerprint readers as required, along with any tablet or VESA compatible display from 10''-32''

- **Customisable:** A bespoke kiosk can be built for your exact requirements, with design modifications, change of colour and specific hardware combinations

- **Robust Design:** The kiosk is intended for unattended self-service use in a range of high traffic environments

### Benefits

- **One look:** Your configuration can be free standing, counter or wall mounted providing one standard platform across your self-service offering

- **Maximise ROI:** The kiosk allows for reuse of existing hardware, easy upgrades and changes to the application. It supports most payment devices, printers and a range of peripherals.

- **Adaptable:** to potential self-service scenarios across multiple business applications

- **Peace of Mind:** The SpacePole Kiosk provides a strong, secure and stand-alone solution
