- Front-of-house table management

BENEFITS

- Stylish solution at an attractive price point
- Simple and functional design
- Flexibility to mount counter, freestanding and wall
- Fits a wide range of tablets
- Full access to all tablet features

SpacePole X-Frame - a simple slim tablet solution for point of sale and self-service.

Our popular X-Frame is a simple slim tablet solution that keeps the essential buzz of using an iPad or other tablets whilst offering a secure mounting solution. X-Frame is ideal for tablet POS, customer self-service, and digital signage at the point of sale or point of service.

Multiple mounting options

X-Frame combines our traditional expertise and knowledge with a new aesthetic design which creates a solution for multiple applications. Compatible with a range of SpacePole mounting solutions, X-Frame can be desk, wall or floor stand mounted. A second tablet may also be added for a back to back solution for the provision of a customer display, for example. X-Frame is perfect for a wide range of applications for the retail, and hospitality marketplaces.

Practicality made simple

Simple and functional, SpacePole X-Frame also provides excellent physical protection to the tablet. With an open frame, X-Frame ensures that whatever tablet you choose, you will have access to buttons and functions that your tablet provides. We make it easy to connect to its power lead which can be quickly removed from the tablet to charge other devices, in an instant.
