Typical System Order

The Honeywell Wearable Solution for Dolphin 70e and Dolphin 75e mobile computers is designed with the comfort of the end user in mind. In applications that demand the constant use of hands, the Honeywell Wearable Solution can be comfortably worn on the wrist or hip to give workers the hands-free convenience to handle more tasks, with increased comfort and improved hygiene over conventional wearables.

The following is a typical system order for wrist-mount and belt-mount wearable solution options. A system size of 4 units is shown.

Wrist Mount

PRODUCT NAME	SKU	PRODUCT DESCRIPTION	RECOMMENDED QUANTITY
