

HT510 3.5" CE handheld terminal

Designed to afford performance and versatility at the most competitive price yet.

The HT510 is a rugged handheld computer, ideally suited for retail, depot environments, logistics and warehouse applications. The HT510 performs with versatility and functionality, while maintaining industrial ruggedness at a great price.

The HT510 offers incredible value.

The USB-cradle (which includes battery charging slot)
USB-cable and power supply come as standard!

Fast and versatile

Equipped with a fast 1GHz processor and Microsoft Windows CE 6.0 professional operating system, makes this device not only fast but also compatible with a variety of current software applications. The HT510 provides multiple wireless communications such as the integrated WLAN 802.11 b/g/n for real-time data collection and Bluetooth® 2.1 for cordless connectivity and additional microSD expansion, to provide great user satisfaction.

When it comes to data collection, the HT510 is loaded with advanced data capture capabilities. It is available with a 1D laser or 2D imager. With these extensive choices, you can find the right model for your application.

Rugged

The HT510 is protected from various environmental factors. From moisture to direct spills, the HT510 can endure exposure to water. This device is also sealed against dust and continues to perform reliably after multiple 1.5 drops to concrete. The ruggedness of the HT510 handheld computer translates to less repairs and downtime in the field, ensuring an uninterrupted workflow for your business.

Practical

The HT510 is designed with your work day in mind. Carefully designed ergonomics makes the HT510 comfortable to hold, ensuring it is perfectly suited for inputting data and multiple scanning operations.

It's developed from the ground up, to serve as your data collection terminal with crucial features such as, 32 large keys, (including direction buttons, 4 function keys), multiple scan buttons and a swappable large 4500mAH battery (with integrated cover). The HT510 handheld computer has a large 3.5" QVGA resolution resistive touch-screen, ensuring you have all the screen real estate you need for your applications and maximizing ease-of-use.

Additionally, essential accessories such as gun grip, 4-slot battery charging unit, 4500mAH battery and Unitech software support makes operation simple with this handheld terminal.

Main Features

- All-in-one box; HT510 comes with USB-cradle (cradle includes battery charging slot) and power supply.
- Available with 1D laser or 2D imager
- Convenient one piece battery design with integrated cover
- Microsoft Windows CE 6.0 and industrial grade 1.0GHz processor
- Large 32 Keys (numbers/alphanumeric), directional buttons, multiple scan buttons and programmable keys.
- Rechargeable and swappable 4500mAh battery.
- 3.5" large resistive touch screen
- IP64 rated and 1.5m drop specification.
- Optional additional UnitCare 2.0 coverage available.

Audio

Microphone, speaker and 3.5mm audio jack

Enclosure

Weight	385g (with battery pack)
Dimension	192mm x 73.8mm x 30mm

Expansion Slot

Micro SD (Support up to 32GB)

Environmental

Operating temperature	-10°C to 50°C
Storage temperature	-20°C to 70°C
Relative Humidity	5% ~ 95% (non-condensing)
Drop Specification	1.5 meter (drop test to concrete)
Environmental Sealing	IP64

Accessories

Single slot USB cradle
Gun-grip
Power adapter
Micro USB (for data)
3.8V@4500 mAh Lithium-ION battery pack (with integrated cover)
4-Slot battery charging unit

HT510 1-Slot USB Cradle

1-slot USB cradle with spare battery charging compartment

Supported:

Unitech 12Manage and 12Solutions

Warranty

1 Year Terminal and Cradle / 3 months battery.
Optional additional UnitCare 2.0 coverage available.

Unitech's service program

UnitCare 2.0 offers customers a high level of security by a reliable, high-quality and effective program for getting your devices serviced quickly. It also drives the hidden costs out of your installations. UnitCare goes beyond the standard warranty with a complete service offer for different need. **More information: unitcare.unitech.eu.**
