

Memor 20™

**Supercharge
your workforce**

MOBILE COMPUTERS

MEMOR 20

Connected work becomes faster with Memor 20

Designed for enterprises with the greatest mobile challenges, the new Memor 20 is a full-touch device that delivers ruggedness, power and performance in a smartphone form factor with the user-friendly experience of Android™

Slim and ergonomic smartphone-like design, yet rugged and reliable

Memor 20 is an extremely rugged device, tested against repeated 1.8m/6ft drops to concrete, a robust tumble spec and IP65 & IP67 sealing. All while achieving a very compact design with a stunning 5.7" full HD display.

Wireless Charging meets Smart Docks

The mobile market is going wireless and Datalogic is at the edge of this technology. Wireless charging is the proven best-in-class technology that eliminates the need for cleaning contacts on the device and docks while offering unparalleled reliability for a full charge of the battery. Memor 20 Smart Docks offer a unique locking function that secures the device to avoid unauthorized use, loss or theft. Wired data transfer is also available on all Smart Docks to meet the needs of those who require USB or Ethernet communication on the docks.

One piece "Safe" Swappable Battery with LED indicators for managing and timing the swap

100% BATTERY SWAP

High performance Qualcomm Snapdragon 660 octa-core 2.2GHz processor with 4GB RAM to easily support the most demanding mobile applications

QUALCOMM TOP PLATFORM

Unparalleled reliability and efficiency, contactless, eliminates # 1 failure point

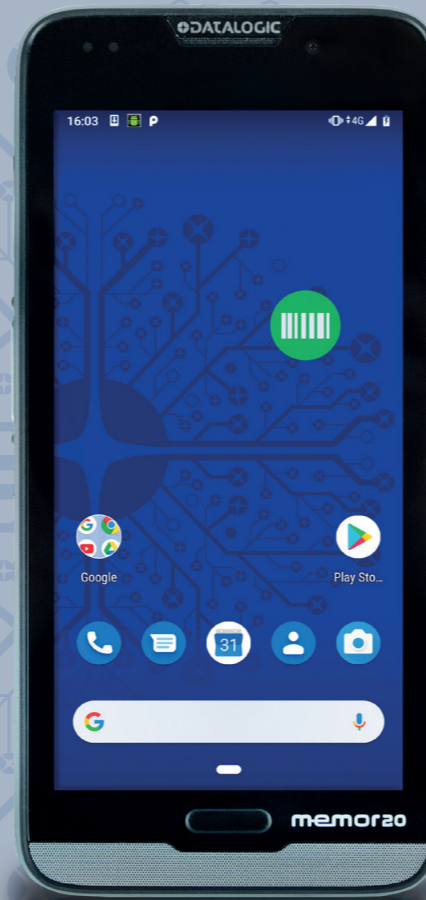

WIRELESS CHARGING

Stunning 5.7" display with 18:9 ratio and full HD display for the most ergonomic form factor in a large screen device

SUPERB DISPLAY 5.7" FULL HD with 18:9 RATIO

TOP PERFORMANCE.

HIGHLY RUGGED.

LARGEST SCREEN.

IP65+IP67 PROTECTION

Most Rugged PDA of the Memor family with IP65 & IP67 and 1.8m / 6.0ft repeated drops to concrete

FRONT & REAR CAMERA

Front and rear hi-resolution auto-focus cameras for versatile image and video capture

BIOMETRIC SECURITY

Fingerprint reader for secure authentication

2ND DISPLAY ENHANCED NOTIFICATIONS

2nd display on top enables users to immediately see a preview of incoming notifications, calls and messages improving both user experience and productivity

LOCKING DOCKS W/USB/ETHERNET

Smart Docks with Wireless Charging Technology, Locking mechanism and Ethernet/USB wired communication

Datalogic is a global leader in the automatic data capture and process automation markets, specializing in the design and production of bar code readers, mobile computers, sensors for detection, measurement and safety, RFID vision, and laser marking systems. Datalogic solutions help increase the efficiency and quality of processes in the retail, manufacturing, transportation and logistics, and healthcare industries along the entire value chain. The world's leading players in these industries use Datalogic products, certain of the attention to the customer and of the quality of the products that the Group has been offering for 47 years. Today Datalogic Group, headquartered in Bologna (Italy), employs approximately 3,200 staff worldwide, distributed in 28 countries, with manufacturing and repair facilities in the USA, Brazil, Italy, Slovakia, Hungary, Vietnam, China, and Australia. In 2018, Datalogic had a turnover of 631 million Euros and invested over 61,9 million Euros in research and development, with an asset of more than 1,200 patents in multiple jurisdictions.
