Galaxy Tab S9 | Tab S9+ | Tab S9 Ultra

Power up your performance with our toughest premium tablet.

With Armour Aluminium and IP68 water and dust resistance,¹ the Samsung Galaxy Tab S9 Ultra is built to last, and then some—in the boardroom, in the field or anywhere you're working. Plus, with biometric authentication, you can feel confident your device and sensitive data are totally secure, wherever you're working.

The Tab S9 Ultra's Dynamic AMOLED 2X display, with Vision Booster, means you can be sure it'll show your work off to its fullest. With enhanced contrast, colour and skin tones, everything from spreadsheets to video calls and presentations will be clear and sharp. Plus, with the included S Pen, you can capture all your best business ideas as soon as they hit—writing notes or drawing diagrams straight onto your tablet. Talk about quick thinking.

Making greater connections

Work seamlessly and securely, wherever you go. With Multi Control on the Samsung Galaxy Tab S9 Ultra, you can use one mouse, keyboard or trackpad to control your Galaxy Book, tablet and smartphone all at once.² So, you can take a picture or video on your phone, then drag and drop to your Tab to edit and upload. Or start a video call on your smartphone and seamlessly transfer to a bigger screen. It's smooth, simple and super efficient. Connect to a large compatible screen for a PC-like experience with Samsung Dex. Plus, with the on-screen fingerprint scanner, only you can access your device and sensitive data.

1. Armour Aluminium Aircraft-grade series 7000. IP68 rating is based on lab test conditions for submersion in up to 1.5 meters of freshwater for up to 30 minutes. Not advised for beach or pool use.
2. Galaxy smartphone with One UI 5.1.1 or above required.

Incredible viewing

See more of your work with an exceptional viewing experience. The Samsung Galaxy Tab S9 Ultra features a Dynamic AMOLED 2X display, with Vision Booster that really punches up the contrast, colour and skin tone enhancement. It means you'll see everything sharp and clear—from content to documents to webinars. Plus, you can adjust the low blue light and Dark Mode settings for enhanced eye comfort. Viewing work or joining video calls on the move or out on site? No problem. Vision booster automatically detects high illumination, then maximises colour levels to make things bright, vivid and easy to see.

Think it, write it, do it

Capture your brilliant business ideas as soon as they strike. Use the S Pen included with the Samsung Galaxy Tab S9 Ultra to scribble thoughts or sketch drawings straight onto the Tab's screen. Enjoy the freedom of handwriting, with the ability to turn your jottings into type in an instant. It's also quick and easy to annotate or edit architectural CAD drawings through ArcSite, edit PDFs with GoodNotes³ or... well, pretty much anything. But it doesn't end there. With enhanced document scan, you can easily digitise documents and reports. And with 5G⁴ and Wi-Fi 6E,⁵ you'll have more than enough connectivity to share your ideas straight away.

Apps for any job

Push your productivity further. The Galaxy Tab S9 Ultra features a selection of optimised business apps to help you make the most of every day. With Folio, you can quickly capture insights with the S Pen, then share securely and collaborate with colleagues across platforms. Webex lets you work from anywhere with a unified calling, messaging and meeting experience. And with Zoho Campaigns, you can easily analyse your email marketing results, perform different actions and connect with customers—all from your Tab. With these and other partner apps, you'll easily fly through your daily tasks.³

Work smarter, longer

The Samsung Galaxy Tab S9 Ultra is a premium tablet that doesn't compromise on durability. With its Armour Aluminium design and IP68 water and dust resistance,⁶ the Samsung Galaxy Tab S9 Ultra is built for a tough day of business. And it laughs in the face of bumps, scratches and spillages. It has the most powerful processor in a Galaxy tablet, to help you power through tasks—with a battery that lasts.⁷ It's big on storage, too, with either 256GB, 512GB or 1TB, which you can extend with MicroSD for up to an additional 1TB—to carry those big email attachments. So, whether you're writing presentations in the office, video-calling clients on the go, or replying to emails on the train, you'll have all your essential files with you.

3. Separate app subscriptions required. 4. 5G network connection and tariff required. 5. Wi-Fi 6E compatible router required. 6. IP68 rating is based on lab test conditions for submersion in up to 1.5 meters of freshwater for up to 30 minutes. Not advised for beach or pool use. 7. Typical value tested under third-party laboratory conditions. Typical value is the estimated average value considering the deviation in battery capacity among the battery samples tested under IEC 61960 standard. Actual battery life may vary depending on network environment, usage patterns and other factors.
