Galaxy XCover7

Rugged on the outside, smart on the inside.

Say hello to the work phone that's all about the view and the do. With its larger 6.6" screen, higher resolution and wide array of tools and apps, the Samsung Galaxy XCover7 is your ultimate assistant—on the frontline, in the warehouse, office, shopfloor or wherever work takes you.

Packed with an upgraded camera,[1] additional memory and faster processing speeds, this strong, stylish phone is built to help you make light work of everyday jobs.

It's easy to link to other devices and Wi-Fi 5 when you're in the building. And when you're on the move, lightning-fast 5G[2] helps you stay connected to your team—with the ability to access all the files and information you need. The long-lasting,[3] fast charging, replaceable battery helps you power through the busiest day. And as the XCover7 is part of Samsung's Enterprise Edition range, you can rest assured you have all the security, support and services you need.

Makes the rough smooth.

The XCover7 is like the superhero of rugged phones. It's built to MIL-STD-810H standards,[4] handling everything from bumps and scrapes to dusty environments. It can even survive drops onto hard surfaces from an impressive height of 1.5m.

Gorilla Glass® Victus+ gives you an enhanced scratch resistance and 25% more drop protection compared with previous models.[5] And with IP68 water and dust resistance, you don't need to worry about rain, dusty warehouses or accidental puddle incidents.[5]

Plus, it can handle regular sanitising to ensure a clean work environment.[6] Whether you're in a bustling office or out in the field, rest assured, this phone can handle whatever you throw at it.

Work fast in freedom.

Never miss a thing, wherever you are. Tap into hyper-fast connectivity with 5G,[7] making it easier to access the vital data or information you need to carry out tasks in the field. And wherever work takes you, you can stay connected with colleagues back at the office or in other locations.

The XCover7 also features Wi-Fi 5, helping you work together and share documents faster. Plus, its dual SIM feature creates one device with two lives—allowing you to seamlessly switch between home and work with ease.

Fluent in fieldwork.

In demanding environments, the XCover7 works with you, not against you. The programmable hot key gives you quick access to essential tools—like Microsoft Teams Push-To-Talk, and Barcode Scanning—to help speed up tasks.[8]

Get things moving with Knox Capture using the phone's camera as a scanner or RFID reader.

Need your device to charge quickly? 15W fast charging and the built-in POGO pins mean you can recharge rapidly using a POGO dock.[9] And with a replaceable battery,[10] your power problems are a thing of the past—getting you through the longest day, even in remote locations.

Built for security, customised for productivity.

Secure your workspace with the built-in, defence-grade security of Samsung Knox. It's your shield against malware and unauthorised intrusion, ensuring your device and sensitive data stay safe.
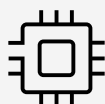

With Knox Suite, it couldn't be simpler to manage your devices. Android Enterprise and Knox Mobile Enrolment both allow you to remotely enrol and deploy a whole fleet of devices. Knox Manage can even pre-load essential files or documents, tailoring devices for specific employees—making sure everyone's geared up for work. And Knox Asset Intelligence gives you in-depth usage analytics for your entire fleet. It's security and management, all wrapped up in one neat package.

Galaxy XCover7 Technical Specifications

Design:
- 169.0 x 80.1 x 10.2mm
- 6.6", 20:9, FHD+, TFT, V-Cut, 500nits display
- 172g

Performance:
- Mediatek MT6835
- 6GB Memory
- 128GB Storage
- MicroSD expansion up to 1TB[13]

Battery:
- 4,050mAh[11]
- Replaceable Battery
- USB 2.0 Type-C
- 15W Fast Charging
- POGO for charging[9]

Durability:
- Gorilla® Glass Victus+
- IP68[5]
- MIL-STD-810H
- Drop tested to 1.5m

In The Box:
- Set
- Battery[12]
- Data cable (C to C)
- QSG (Quick Start Guide)

Connectivity:
- LTE: Cat.12(2CA)
- 5G: sub6 DK 2.3Gbps, UL 0.6Gbps
- Wi-Fi: 802.11 a/b/g/n/ac 2.4G+5GHz, Wi-Fi Direct
- Bluetooth: BT5.3
- GNSS Support: GPS, Glonass, Beidou, Galileo, QZSS
- NFC: UICC

Camera:
- Rear: 50MP
- Front: 5MP

Sensor:
- Accelerometer
- Gyro sensor
- Geomagnetic sensor
- Light sensor
- Proximity sensor

Audio:
- Speaker: Mono, 1.2W
- Microphone: 2 Mic
- Ear Jack: 3.5Ø

SIM:
- 4FF, SIM1+ eSIM+uSD

1. Compared to XCover 5. 2. 5G requires optimal 5G connection and actual speed may vary depending on market, carrier, and user environment. 3. Based on average battery life under typical usage condition. Average expected performance based on typical usage. Actual battery life depends on factors such as network, features selected, frequency of calls and voice, data and other application-usage patterns. Results may vary. 4. MIL-STD-810H test scope: Altitude, Humidity, Immersion, Salt Fog, Dust, Vibration, Drop, and more. 5. Resistant to dust and up to 1.5 metres of fresh water for up to 30 minutes (IP68). Rinse residue/dry after wet. Not advised for beach or pool use. 6. Tested Sanitizer: Liquid Ethanol, Ethanol Cotton, Clorox (Chlorine bleach), Medilox HClO. 7. 5G requires optimal 5G connection and actual speed may vary depending on market, carrier, and user environment. 8. Microsoft Teams application and license required. Barcode scanning may require app remapping to programmable key to use full feature. 9. POGO charging dock sold separately. 10. In the case of extra replaceable batteries, only Samsung-certified products are compatible for use. 11. Typical value tested under third-party laboratory condition. Typical value is the estimated average value considering the deviation in battery capacity among the battery samples tested under IEC 61960 standard. Actual battery life may vary depending on network environment, usage patterns and other factors. 12. Extra battery not included. 13. MicroSD card sold separately.
