TabPOS X-Frame™

Tablet Solutions

A simple slim tablet solution for point of sale and self–service

Our popular X-Frame is a simple cost-effective lightweight tablet mounting solution.

X-Frame is ideal for tablet POS, self-service, and digital signage applications.

Compatibility

X-Frame is compatible with any tablet from 7.9" to 12.9", from all major manufactures and is compatible with our range of TabPOS mounts.

Features

- **A perfect fit:** X-Frame is specifically designed for your tablet, retaining full access to all features
- **Flexible:** X-Frame can be counter, floor or wall mounted, dependent on the specific application
- **Simple set up:** With just two screws, X-Frame can be up and running within minutes. Cable clips ensure that your installation is kept neat and tidy
- **Security:** X-Frame is provided with integrated security, locking your tablet in place

Benefits

- **Aesthetics:** The slim design provides a stylish look which keeps the emphasis on the tablet
- **Maximise ROI:** Extend the reach of your tablet, by creating your own tablet point of sale or attended service point
- **Practical:** Easy to connect the power cable, which can be quickly removed from the tablet to charge other devices, in an instant
- **Investment protection:** Keeps the tablet safe from opportunist theft
